## **REQUEST FOR APPLICATION**

### **Consultancy Service to conduct Maize and Sorghum Value chains Analysis in Sahelo-Saharan zone of Africa**

#### **BACKGROUND INFORMATION**

The Semi-Arid Food Grain Research and Development (SAFGRAD) is one of the specialized technical offices of the African Union Commission in the Department of Rural Economy and Agriculture (DREA). As a technical office, the strategic mandate is to lead, coordinate and facilitate the formulation of appropriate policies and programmes that build resilience of rural livelihoods in semi-arid Africa. To achieve this, SAFGRAD activities include strengthening institutional capacities aimed at advancing agricultural research, technology transfer and adoption; enhancement of value chains; management of natural resources; and mitigation and adaptation to climate change and combating desertification. SAFGRAD vision falls within the Comprehensive Africa Agricultural Development (CAADP) framework which is at the heart of efforts by African governments to accelerate growth and eliminate poverty across the continent. SAFGRAD adopts regional and strategic group approach in its research activities to explore complementarity advantage in promoting collaboration and partnership across regional and economic blocks.

In furtherance of its activities in strategic commodity development, AU-SAFGRAD intends to engage the service of consultants to conduct maize and sorghum value chains analysis in the Sahelo-Saharan zone of Africa. The Commission invites applicants, who are citizens of Member States, for the consultancy service.

The study will be conducted in the following countries: **Algeria, Burkina-Faso, Chad, Cote d'Ivoire, Guinea, Guinea-Bissau, Libya, Mali, Mauritania, Niger, Nigeria, Senegal and Sudan.**

## 1. **Post**

Post title: Consultants (one per country)

Post level: Consultant

Duty Station: Countries listed above.

Immediate Supervisor: Coordinator, AU-SAFGRAD

## 2. **Major duties and responsibilities (Scope of work)**

- . Conduct a desk review of the maize and sorghum economy in the country:
  - review of the production and marketing trends and condition
  - review of existing laws, policies, programmes and institutional frameworks put in place to encourage investments in the commodity chain
- Conduct the maize and sorghum value chains mapping in each country. This will involve:
  - Identifying the main actors and the flows of products, money and information along the commodity chain.
  - Map key policies and institutions that influence the functioning of the value chain at the national and regional level,
- Conduct focus group interviews with the major stakeholders at each section of the value chain so as to identify constraints and opportunities to reduce transaction cost and improve market access of the commodities
- Identify and analyze any institutional arrangements, public-private partnerships and formal linkages between chain actors in the value chain.
- Conduct a gender and youth analysis of value adding activities so as to highlight the power relations along the chain

- Facilitate and present the final report at a national stakeholders' workshop to be organized by AU-SAFGRAD in the country of study, if required
- Present the final report at a regional workshop to be organized by AU-SAFGRAD in Ouagadougou, Burkina.
- Finalize the study document and submit to AU-SAFGRAD within the time allotted.

### **3. Educational Qualifications:**

An advanced University degree (Masters Level or PhD) in agricultural Science, agricultural economics, development and investment sciences, social economics or any related discipline.

### **4. Work Experience:**
